

Voting Is Now Open

Voting is now open for the 2009 Erin Awards. Voting will be done using an online ballot on the Erin Awards website. Although there are between three and five nominees for each category, to speed the voting up even more it is only necessary for you to list out your top three choices for each one. Simply use the drop down menus under each category to indicate you first, second, and third choice for each. I would really like to see this be the biggest turnout for voting yet. It will only take a few minutes so don't put it off. Click the link below and let your voice be heard. [Click Here To Vote Now!](#)
